

Website Service Tiers and Terms

A clear summary of the available website options, scope, and maintenance terms

1. Tier 1

- No domain purchase charges.
- The website will be hosted without domain on a hosting platform.
- It will not use a custom .com domain.
- The website address will include the platform subdomain, such as .netlify.com.

2. Tier 2

- Custom domain included.
- A more professional and brand-ready online presence.
- Better suited for business use, client trust, and long-term growth.
- Hosting charges will apply.
- Domain purchase charges will apply.

3. Scope of Work

We are open to taking requirements from your side and implementing them based on feasibility. **Only reasonable changes and practical features will be accepted.**

- Design and feature requirements will be discussed before implementation.
- Any extra work outside the agreed scope will be treated as a separate request.
- The final output will depend on the chosen tier and the approved requirements.

4. Hosting and Domain Costs

Domain and hosting charges are not included in the website development cost. These costs will be covered separately by your side.

5. Support and Maintenance Terms

We will provide support and maintenance after delivery under the following terms.

- The first change request within 3 month will be free.
- After that, every change will be charged separately.
- The charge will be either ₹500 or ₹1000 per change, depending on the size and complexity of the requested update.

Note: The final quotation and delivery timeline may vary based on the selected tier, feature list, and approval of requirements.
